## Bilateral Meetings

- 09-00 am - 12.00 am
- 14.00 pm - 17.00 pm

### Description

**PortugalFoods**, as the **Portuguese Agrofood Cluster**, is a private non-profit association, founded in 2008, that currently brings together about 140 members, including food industry companies, entities from the national scientific system (universities & institutes) and other members whose activity is related with agrofood sector.

As a platform where its members establish win-win relationships in order to support their innovation and internationalization activities, PortugalFoods has the mission to boost agrofood sector competitiveness:

- (1) by increasing their technological index, when supports knowledge production, as well as knowledge transference and application;
- (2) by promoting their internationalization, when identifies opportunities and empowers food companies in this area.

PortugalFoods is strongly engaged with the food industry and scientific community to develop a path for sustainable growth in agrofood sector, providing opportunities to create innovative products and to better compete in the global market, leveraging the unique attributes of Portuguese Products.
