

PORTFOLIO

PROCIFISC
ENGENHARIA & CONSULTADORIA

The primary objectives PROCIFISC has bet on are professionalism, rigor, dedication, innovation and creativity on the part of all its technicians and employees to provide excellent service and great customer satisfaction.

By providing excellent services, PROCIFISC can increasingly exceed expectations, retain new customers and keep a high level of satisfaction from all its clients.

To grow in a structured and sustained way, satisfying the needs of our customers, suppliers, partners and employees has been our motto throughout time, always keeping an eye in the future and on new challenges.

WE ARE COMMITTED TO ENSURING THAT GREAT IDEAS BECOME A REALITY

Filipe Lourenço, Eng

Company Manager

This document intends to give a short preview of PROCIFISC's team expertise with projects executed with very distinct scopes and requirements and to distinctive markets. For that purpose we have chosen projects from our built portfolio, which, in our view, represent, in their diversity, the different fields of expertise in which PROCIFISC performs at its best.
